MEET YOUR SPEAKER...

Tracy Karp, RNC, MS, NNP

Author, Educator, Researcher, and Clinician: Tracy Karp has 36 years of experience in neonatal nursing. He is currently the Chief of Advanced Practice Clinicians at Intermountain Healthcare's Primary Children's Medical

Center. Tracy continues to practice as a neonatal Nurse Practitioner in various clinical settings including Level II & III NICUs. He is also on clinical faculty at the University of Utah College of Nursing in Salt Lake City. He has presented at various conventions; served on multiple state, regional, and national neonatal committees, and has authored or co-authored numerous textbook chapters and articles. Tracy has been a wonderful member of the PEC teaching team for many years, presenting the Newborn half of Maternal Newborn Review. He has a great test prep attitude! You will enjoy Tracy's relaxed teaching style. He utilizes audience knowledge in a technique that has proven to be engaging and a great tool for retention.

Low Risk NICU Review Course Information

- **The Fast Paced Very Comprehensive Review with an instructor that works in a Low Risk NICU in addition to a high risk Perinatal Center and Children's Hospital.**
- **Orientation tool or Refinement of Skills, Intense Physiologic-Pathophysiology based Review with practical recommendations for care.**
- **The seminar is appropriate for Level II Nursery Nurses as well as Maternal Newborn nurses who float to the NICU or attend deliveries.**
- **Prepares you for the NCC LRN-NICU certification exam with an instructor and process with a track record of positive results.**

GUARANTEE - CANCELLATION

If you are not satisfied with the content or presentation of this program, notify the registrar by 12 noon of the first day of attendance for refund of registration fees, minus a \$25/day administrative fee and class materials received.

CANCELLATIONS: Up to 7 days before the program choose: Registration fee refund minus \$25 per day administrative fee or full value credit letter. Cancellation within 7 days: No monetary refund. Send a substitute or request a credit letter (minus \$25/day administrative fee) which will allow you to apply fees to a future program of your choice.

If program cannot be held due to circumstances beyond our control (natural disaster, strike, etc.) the above cancellation policy is voided. The seminar will attempt to be rescheduled. Registrants may choose free admission to the rescheduled program or a credit voucher good for any future RNNCEs program, no cash refund. RNNCEs reserves the right to substitute qualified speaker(s) in response to emergency circumstances beyond our control.

WHO SHOULD ATTEND:

- **Nurses needing a review or overall orientation to low risk NICU care situations**
- **Level II Nursery Nurses as well as Maternal Newborn nurses who float to the NICU or attend deliveries.**
- **Clinical Specialists**
- **Professionals involved in the care and follow-up of at-risk neonates**
- **Nurses planning to take the RNC exam***
- **Nurses needing recertification credits**

This is a fast paced, comprehensive and intense review of physiology, pathophysiology, signs/symptoms, diagnosis, treatment and prognosis of the low risk neonate, requiring intensive care. This program will refresh your knowledge base, improve your assessment skills for clinical practice and assist you as a caregiver as well as prepare you for the new RNC exam.

PROGRAM OBJECTIVES:

- Through lecture and discussion this program will be able to: •••**
- Evaluate aspects of maternal risk factors and birth history and their impact on the fetus and newborn.
 - Recognize aspects of neonatal physical and gestational age assessment.
 - List common neonatal laboratory and diagnostic data as they relate to, newborn problems and well-being.
 - Identify aspects of assessment and management of pathophysiological conditions occurring in the neonatal.
 - Define aspects of neonatal resuscitation and stabilization of patient groups that commonly and unexpectedly present in the level II NICU hospital setting.
 - Discuss aspects of newborn and neonatal nutrition and feeding including who require specialized techniques or have special nutritional considerations
 - List aspects of pharmacology and common medications used in the newborn.
 - Define aspects of neonatal fluid, electrolyte and glucose homeostasis, oxygenation, non-invasive ventilation and acid-base balance, thermal regulation, and neurodevelopmental care.
 - Review aspects in the care and identification of neonates at risk for early onset or congenital infections.
 - Understand components of psychological support, grieving and discharge planning and education.
 - Identify and use tools that will enhance the safety of newborn babies and their families.

Gastrointestinal and genitourinary
Musculoskeletal and integumentary
Neurological
Hematology
Genetic, metabolic, and endocrine
Infection and immunology
Psychosocial support, grieving and discharge planning
Professional Issues

12:00 - 12:45 Lunch

4:30 pm *Adjourn*

NCC LRN CORE EXAM INFORMATION:

The NCC LRN exam is separate from and has no affiliation with this course. It is RNNCEs' goal to support higher standards of continuing education and to assist nurse's seeking certification, thus RNNCEs has established the option for RNNCEs review course attendees may apply for the exam with NCC with a special "Second Chance Free" option: If you take the exam and fail on your first try, you may retake without paying NCC an additional fee. This testing option does not constitute NCC endorsement of course, course content, or materials provided. NCC and RNNCEs are not affiliated organizations. A collaborative effort has provided an educational (RNNCEs) and testing (NCC) opportunity to clinicians nationwide. RNNCEs has no authority to approve, disapprove or vary any requirement for qualifying for or taking any NCC exam. **Registration for the NCC exam must be done following attendance at the course, as you will need to provide your certificate of attendance. The fee for the exam is separate (\$325). For your convenience you may register using the link on our website: rnnces.com. RNNCEs course and NCC exam must match.**

We recommend some review prior to the seminar.

CE CREDIT: Nurses: BRN 16 Hours CE Credit; 4 hours Pharmacology.

Right Now Nursing CE's, LLC (RNNCEs) is a provider approved by the California Board of Registered Nursing, Provider #17583, for 16 Contact Hrs. Meets Texas Type I criteria.

Neither provider nor presenters have any commercial conflict of interest.

2021 LIVE VIRTUAL (LV) AND SEMINAR SITES

Due to the continued safety and health concerns with the Covid-19 pandemic, and because many have found the convenience and cost savings of live virtual or recorded events to be advantageous, RNNCEs is building its 2021 calendar to include both options.

There are limited on site seminars planned, but will likely expand in the fall of 2021.

A limited number of rooms at a preferred rate, may have been arranged with a hotel if listed with the site.

Call, (use code if stated) or use the direct website link (on our website) to make a reservation.

Be sure to reserve at least 30 days ahead to get a room and get the special discounted rate.
