MEET YOUR SPEAKER...

Cindy Parke, RNC, CNM, MSN

Certified Nurse Midwife, Legal Expert, Educator, and Clinician; Cindy has taught essentials of women's health, pregnancy, and childbirth topics to nurses nationwide for many years. An active member of the ACNM, and AWHONN, she is an advocate of Preeclampsia Foundation, MoMMAs Voices, CMQCC, and ICAN. Cindy's focus has always been on physiologic focused care. Her review is a comprehensive coverage of maternal/fetal care throughout pregnancy, labor & delivery, and postpartum. The physiologic approach and stress on critical bedside thinking are paramount in her focus on prevention of maternal and infant morbidity and mortality, so necessary today. This course will direct you in recognizing normal labor, as well as the risks in birth. The course assists you in choosing appropriate individualized interventions within standardized protocols, and brings you new tools. Respond well to both the normal and the critical clinical challenges that present in L&D and review for the InPatient OB Nursing RNC exam.

WHAT PEOPLE SAY...

"As a Nurse-Manager I wish ALL my staff could attend this conference, the logical, physiology based discussion was so geared to the SAFETY INITIATIVES as to be essential!"

"I have been to many classes and this has been my favorite! Cindy is engaging & KNOWLEDGEABLE that kept the class enthralled. I will look for Cindy in the future to take more classes."

"Thank you Cindy! You are an ENGAGING, ENTERTAINING teacher who empowers her students to think critically and helps us be the best nurses we can be!"

"This was the BEST conference I have been to in many years! GREAT speaker, knows her speciality."

Also felt very relaxed to interact and ask questions!"

GUARANTEE - CANCELLATION - TAXES

GUARANTEE: If you are not satisfied with the content and presentation of this program, notify the registrar by 12 noon 1st day of attendance for refund of registration fees. **CANCELLATIONS:** Up to 7 days before the program choose: Registration fee refund minus \$25 per day administrative fee or full value credit letter. **Cancellation within 7 days:** No monetary refund. Send a substitute or request a credit letter (minus \$25/day administrative fee) which will allow you to apply fees to a future program of your choice. If program cannot be held due to circumstances beyond our control (natural disaster, strike, pandemic, etc.), the refund policy above does not apply. The seminar will be rescheduled if possible. Registrants may choose free admission to the rescheduled program, or credit voucher good for any future RNNCEs program. There is no cash refund. RNNCEs reserves the right to substitute qualified speaker(s) in response to emergency circumstances beyond our control.

WHO SHOULD ATTEND?

- **Labor & Delivery Nurses**
Recertify; Review for Certification
- **New Labor & Delivery Nurses**
Excellent for Orientation
- **Midwives and Midwifery Students**
- **Legal Nurse Consultants**
Complexities of L&D Update
- **LDRP & Mother/Baby Nurses**
- **AP Nurses & Childbirth Educators**

PROGRAM OBJECTIVES:

Following comprehensive lecture, discussion, audiovisual presentation and case review, you will be able to:

- Review labor physiology, pathophysiology and components of effective labor progress and develop effective patient assessment, care and management techniques that assist birth physiology.
- Develop policies/strategies for labor induction and augmentation based on respect for physiology, safety, evidence and NICHD recommendations.
- Recognize and respond to abnormal labor patterns including tachysystole and dystocia.
- Review pain assessment and management in labor including non-pharmacologic and pharmacologic care techniques.
- Identify adverse fetal response to labor, causation, clinical observations, interventions and intrauterine resuscitation.
- Review new NICHD definitions, categories, and necessary nursing actions.
- Recognize a variety of pathologic and emergent labor situations including: GH, Diabetes, Uterine Rupture, Hemorrhage, DIC, and appropriate management and documentation issues.
- Discuss the new JACHO requirements for protocol development r/t hemorrhage and hypertensive disorders in pregnancy.
- Identify normal and abnormal parameters in second stage; explore new research based second stage management.
- Describe risk factors for shoulder dystocia noting clinical interventions and techniques to improve outcomes, and decrease liability.
- Describe indicators of stage III-IV labor emergency situations.
- Develop essential documentation and chart review skills for safer patient care.
- Locate and utilize key web resources for L&D skill building to enhance safe maternity and newborn care.

InPatient OB Review

Day One

7:30 Check In - Continental Breakfast

8:00 (7:45 for Live Virtual Event)

RESPECTING PHYSIOLOGY FOR SAFER BACK

- Maternal Mortality • Resources exist

TRIAGE & ONGOING EVALUATION IN LABOR

- What is Physiologic Labor? • Essential Assessment Skills to Recognize Normal and the "Unexpected"

INDUCTION & AUGMENTATION

- Cervical Ripening - Methods and Rx
- Risks - Hazards - Tachysystole - Failure to Progress

Dealing With the Drugs... Cervidil - Cytotec - Pitocin

- Nursing Care Essentials • Determining Candidates
- Ensuring Safety with Drug Use

LACK OF PROGRESS – TAKING INITIATIVE...

- Recognizing Dystocia & 'Lack of Progress'
- Friedman vs Albers vs Zhang • Clinical Intervention

PAIN MANAGEMENT IN LABOR...

- Labor Support • Nitrous Oxide Use • Managing Epidurals: Timing - Precautions - Dosing
- Relieving Back Labor & Converting OP Positions

GROUP B STREP: Protocols & Procedures

STAGE II LABOR – Fetal Response/Reaction

- Pushing for Fetal Well-being • Laboring Down and the Cahill study

4:30 Adjourn Live Seminar: 5:00 Live Virtual

Day Two

7:30 Check In - Continental Breakfast

8:00 ASSESSING FETAL HEALTH - Monitoring The Fetus:

- NICHD Terminology and Categories
- Identification • Management • Documentation
- Intrauterine Resuscitation

MATERNAL RISKS = FETAL HAZARDS

- Hypertension – Pre-eclampsia – Eclampsia
- Diabetes: Managing Labor: Maternal/Fetal Response
- Preterm Labor: Evaluation - Tocolytics - Steroids

MANAGING & DOCUMENTING EMERGENCIES

- Vaginal Bleeding Triage: Placenta Previa - Abruptio
- Uterine Rupture • Hemorrhage • DIC • AFE

SHOULDER DYSTOCIA – Labor Clues

- Recognition, Management & Responsibilities
- Fundal Pressure & Your Day in Court...

VACUUM EXTRACTION: Do's & Don'ts

- Protocols • Nursing Responsibilities • Double Set-Up...

STAGE III-IV LABOR & POSTPARTUM

EMERGENCIES

- Retained Placenta - Accreta/Increta/Percreta
- Uterine Inversion - Why it Happens - What to Do...
- PPH: Assessing Maternal Status: Recognizing & Responding • Quantification of Blood Loss

4:30 Adjourn Live Seminar 5:00 Live Virtual

Complete Syllabus, Morning Continental Breakfast - Lunch 12:00 - 12:45 PM

Preparation for the InPatient OB RNC exam
Registration is separate and on the
NCC website: nccwebsite.org

Right Now Nursing CE's, LLC encourages nurses to seek certification in their obstetrical specialty. This seminar is one of numerous seminars that are both excellent orientation tools, as well as offering test preparation. The NCC InPatient OB Nursing exam is separate from and has no affiliation with this seminar. RNNCEs has no authority to approve, disapprove or vary any requirement for qualifying for or taking any NCC exam.

Registration for the seminar is through the website: www.rnnce.com click on Seminars and InPatient OB Review to find your site or webinar options.

Application for the exam is through NCC. NCC sends you an admission letter following receipt/approval of exam application. Contact NCC if you have applied and have not received your admission to exam letter. RNNCEs students have the exclusive option to register with a "Second Chance Free" option.

Registration for the NCC exam is separate, and a cost of \$325, paid to NCC.

CONTINUING EDUCATION CREDITS: 16 Hours BRN Contact Hours. (Includes 4 Hours Pharmacology).

Right Now Nursing CE's, LLC is a provider approved by the California Board of Registered Nursing, Provider #17583 for 16 Contact Hours. Meets Texas Type I provider criteria. This course is designed to meet Board of Nursing CE requirements in all 50 states. Neither program planners nor presenters have any commercial conflict of interest.
